

STATE OF MAINE
PUBLIC UTILITIES COMMISSION

Docket No. 99-764

October 28, 1999

CENTRAL MAINE POWER COMPANY
Selection of Winning Bidders for Sale
of Electricity Capacity and Energy
and Request for Extension

ORDER GRANTING
CENTRAL MAINE
POWER COMPANY'S
REQUEST FOR EXTENSION

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

On October 26, 1999, CMP filed a request for a one week extension of the date by which it must submit its designation of the winning bidder(s) for the entitlements to the output of its undivested generation assets. Pursuant to Section 7(H) of Chapter 307 of the Commission's Rules, CMP is required to submit its designation of the winning bidder(s) by November 1, 1999. CMP indicated that the extension is necessary because the nature of the proposals submitted has required negotiation of many revisions to the standard Entitlement Agreements.

Section 11 of Chapter 307 allows the Commission, for good cause, to waive any requirement of Chapter 307 that is not required by statute as long as the waiver is not inconsistent with the purposes of the Chapter or Title 35-A. Section 11 also includes a delegation of the Commission's authority to grant such waivers to the Director of Technical Analysis or the presiding officer of a Chapter 307-related proceeding.

I have reviewed CMP's waiver request. I find that good cause exists for a one week extension of the November 1 filing deadline and that the extension is not inconsistent with the purposes of Chapter 307 or Title 35-A.

Accordingly, it is
